The Academy Gold Medal Award is given in recognition to Roderic I. Pettigrew, PhD, MD, Director of the National Institute of Biomedical Imaging and Bioengineering (NIBIB), for his contributions in advancing the cause of radiology research.

2015 Distinguished Investigators Award Nomination
Deadline: February 1, 2015

All Chairs and Vice Chairs of Research of academic radiology departments are invited to nominate qualified candidates for the 2015 Distinguished Investigator Award. Application forms can be downloaded from the Academy of Radiology Research’s website at www.acadrad.org.
The Academy of Radiology Research Distinguished Investigator Award recognizes individuals for their accomplishments in the field of imaging research. The radiology research community has been responsible for many important advances that have had a profound impact on healthcare. Researchers who have been named Distinguished Investigators are scientific leaders at places like the National Institutes of Health, driving innovations in patient care and illuminating novel approaches to interdisciplinary research.
