NEW: Academy Shark Bait Session!

Monday, November 27, 2023

4:00 – 5:30 PM CT

Session code: M8-RCP09

McCormick Place, Room S406B

The Academy hosts this session annually to benefit early and mid-career investigators who wish to connect with one another and learn from experts how to speak about their innovative research ideas to venture capitalists and industry. Our panel includes two venture capitalists, an industry representative, luminaries from academia, an academic investigator who was successful in starting their own business, and an attorney who specializes in intellectual property and patents.
